

SUPER SIZE SMARTPHONE

Enrich your sales & brand experience with the interactive Supersize Smartphone. Its recognisable appearance makes it an eyecatcher in any space. Moreover it's a fantastic promotional tool that taps in to the ever changing customer behaviour and expectations. This Android & IOS powered display delivers clear information, service and amusement to any store or exhibition.

COME CREATE

The agency for visual marketing & communication with a passion for retail.

Whether its a brand design, communication concept, shop-in-shop, interior concept, or an exhibition booth; we invent, design & realise all of these!

These companies are already using Supersize Smartphone:

Volkswagen

talpa

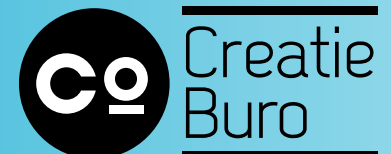

ABN-AMRO

.. AND CO-CREATE

A new co-operation with Giant iTab adds even more features to the Supersize Smartphone, including: A wider product range with 27, 42 and 52 inch screens, a live demo of your project and a complete 'plug & play' system capable of showcasing all digital content.

COMPLETE PLUG & PLAY SOLUTION

Exhibitions, conferences & events

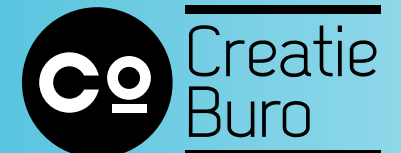

App/content development & testing

Broadcasts & live presentations

Retail, business, gaming en banking

“The implementation of these smartphones creates a beautiful cross-media experience. Online and offline come together right here.
